

Respect

Think Recovery is a collaboration effort between the Mississippi Peer Support Specialist Network and the Mississippi Department of Mental Health.

Community, systems, and societal acceptance and appreciation of consumers—including protecting their rights and eliminating discrimination and stigma—are crucial in achieving recovery. Self-acceptance and regaining belief in one’s self are particularly vital. Respect ensures the inclusion and full participation of consumers in all aspects of their lives.

RECOVERY: A process of change through which individuals improve their health and wellness, live a self-directed life, and strive to reach their full potential.
